

Our History....

Endodontic Associates has been a group endodontic practice since the early 70's and our original location was in Hillsboro Village. Dr. Manuel Sir started the group and was one of the first Endodontists in Nashville. He was joined shortly thereafter by Dr. Larry Speller and Dr. Steve Wolf. In the late 80's, Dr. Terryl Propper joined the group followed by Dr. Chris Cain, Dr. Mark Freeland, Dr. Daniel Price, Dr. Mike Murray and Dr. Clay Sparrow. Dr's Sir, Speller and Wolf are since retired. Dr. Clifton B. Chunn joined our practice in 2011. He had a solo endodontic practice in Green Hills for many years. We are all close friends and colleagues and we are proud of the fact that we have the largest group practice in the state of Tennessee.

We opened a second office in Cool Springs in November 1997 and have since relocated to 8112 Isabella Lane in a beautiful and fresh office in 2005.

We have also recently relocated our Hillsboro Village office to Hill Place in Green Hills at 4027 Hillsboro Pike, Suite 805. We are very proud to have a contemporary, state of the art, specialty equipment and the most current sterilization methods available.

Although, we all have different interests, we want our patients to KNOW that we care about more than their teeth, we CARE about them.
